Inspiring Children Universally

ICU TEACHER TRAINING PROGRAM

*November 1 – 3, 2019
Oceanside, California USA*

A special opportunity to facilitate an amazing and powerful program with children and embark on a unique journey to assist children and the evolution of humanity

The ICU Program assists children to heal traumas and release limiting beliefs, increase confidence and self-esteem, expand their minds, reach educational and personal potential and develop their natural gifts, self-respect, respect for others and other universal human values.

The ICU Program expands the children's consciousness and raises their vibration, improves memory and concentration and increases attention span, strengthens their resilience, awakens and/or improves their intuition, awakens skills they didn't know they had and activates their ability to see, read and play without their physical eyes.

At the start of this Program, the children begin to radiate their energy and as they progress and complete all the sessions, their amazing energy then radiates through their family and community and in turn has a powerful and positive effect on Planet Earth.

This work has been very successful in the United Kingdom and in continental Europe, with outstanding results. It's now time to empower more children around the world, to reinforce the energy and raise awareness.

"The Children Are Our Future"

ICU founder Nicola Farmer will be offering the ICU Teacher Training Program for the first time in California

If this ignites your passion, please join us for an intensive, **three-day training workshop** from **November 1-3, 2019**. Nicola will prepare you to become a certified ICU teacher in this workshop during which you will learn and understand the techniques required to work with the children and receive the necessary tools to share this work with many children.
