Inspiring Children Universally

ICU TEACHER TRAINING PROGRAMME Philadelphia - USA 28 – 30 March 2020

This teacher training course will offer an opportunity to learn an amazing and powerful program to work with children!

The ICU Program assists children to heal traumas and release limiting beliefs, increase confidence and self-esteem, expand their minds, reach educational and personal potential and develop their natural gifts, self-respect, respect for others and other universal human values.

The Program expands the children's consciousness and raises their vibration, improves memory and concentration and increases attention span, strengthens their resilience, awakens and/or improves their intuition, awakens skills they didn't know they had **and activates their ability to see, read and play without their physical eyes.**

'The Children Are Our Future'

For more information please visit the ICU website on the following links:
